

WHAT IS THE NETWORK ZONE?

The Network Zone is a dedicated information and research platform focused exclusively on the Freight Forwarding Network industry. It provides freight forwarders with transparent, verified data on network operators — including membership numbers, costs, benefits, member lists, geographic coverage, and conference details — enabling informed decisions before joining a network. Network operators are listed following payment of an annual listing fee, ensuring every entry is current, accountable, and professionally maintained.

KEY FEATURES

- Industry Hub**
The central resource for freight network intelligence
